

TRAINING AND RESEARCH INSTITUTE

# Placing **HUMAN** centre stage

The purpose of education is to make us better human beings!

Educators' purpose is to awaken the immense potential we have: boundless love, profound empathy infinite respect, discipline to learn genuinely, and the courage to build a better world.

**Indus Training And Research Institute  
inspires educators to lead this learning.**

**INDUS**  
TRAINING AND RESEARCH INSTITUTE

**Kavita Antony**

IB Teacher - Business Management and Economics, Schule Schloss Salem, Germany

The programme shifted my practice to student-centred inquiry, building collaborative classrooms, deep reflection, and authentic IB learning journeys for every student.

**Louis Bernard**

Educator - Theatre, Film and TOK, UWC Changshu, China

Expert mentorship at ITARI deepened my reflective practice and reshaped assessment design into a powerful, growth-oriented tool for intentional and impactful teaching.

**Catherine Wincent**

PYP Homeroom Teacher International School of Älmhult, Sweden

AI-literacy sessions brilliantly revealed technology's transformative potential in education, inspiring practical strategies that enhance inquiry-based learning in my classroom.

**Dolly Sirohi**

IBDP & MYP Geography Educator Munich International School, Germany

The programmes at ITARI fostered a reflective, adaptive teaching approach, better equipping me to address students' evolving needs with empathy and inclusivity.

**Sunil Pysluri**

Educator, Xi'an Liangjiatan International School, China

The M.A.Ed programme challenged my assumptions through rigorous research and practical innovation, transforming me into a more thoughtful forward-thinking educator.

**Andrew Teron**

Head of Science Harrow International School, Bangalore

ITARI Faculty's extensive international expertise fostered an engaging, collaborative, intellectually stimulating environment, driving practical academic and professional growth.
